

Fleet Control Center

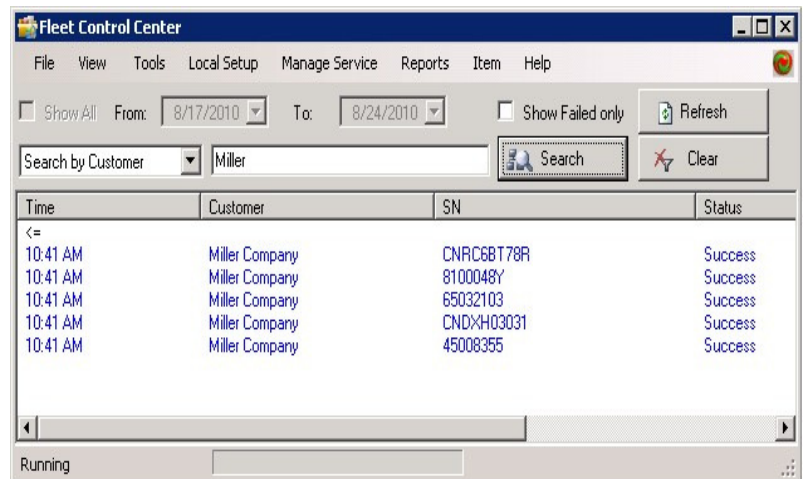

A high feature, low cost, product that is designed to receive and process Sharp MFP's e-mail **Fleet Control Center (FCC)** software collects the data copy, print, fax and scan activities. Now you can easily monitor, bill, track, compile and report on data that your Sharp MFPs are communicating to you daily! Best of all, it integrates with many of the industry standard ERP Platforms. Automate your meter billing today!

Key Features

- Maximize the benefit from Sharp MFP's free Remote E-mail Diagnostic (RED) system
- Track copies, prints, faxes and scans by color, B/W, device or model
- Easily bill customers for total meters, copies, prints, faxes and scans
- Plus+ Export to csv, comma delimited, Microsoft® Excel® and other database formats
- Plus+ PROVEN ERP integration with leading dealer billing systems
- Plus+ Automated meter collection, no rekeying of meters
- Plus+ Reduce Billing Costs, administrative paperwork and overhead
- Plus+ Easy-to-use reporting with date ranges adds convenience and flexibility

Receive and process e-mails from multiple sources and protocols. Helps eliminate calls, faxes, e-mails and dispatched factory trained technicians to your customers to get meter reads.
